On the top they can kindle the signal fire and fend off other vampires. They throw pots of boiling garlic and shoot aspen arrows. People can't see the tower, because it imposed spell of reflection "prozranesh". It is an ancient vampires' witchcraft.

Midnight Hankala is located at the junction of seven countries. Few people now, where is this place. The huge spider on the big spiderweb keeps entrance in the tower. It can catch the intruder with its paws.

There are six loopholes on each floor of the tower. Of them are very comfortable to fly, when little vampire transforms into an owl.

Little vampires don't drink the blood. They like tomato juice. The juice is sold in special donor packages with a straw, or in red capsules. If you throw one in a glass and add water, all will sizzle. After five minutes the tomato juice is ready. You can buy drinks in the e-shop for vampires. Deliveryman is mummy. Mummy always tangles in his bandages.

Little vampires sleep upside down, clinging to the ankles over a ceiling beam.

"It's time to lunch!" – mother-vampire has said and has given children tomato juice in donor packages.

"Your fang has unstuck!" – Durkin has noticed and has sarcastically laughed.

"So what!" – Vampiressa has offended.

She wears removable fangs-shapes to her real fangs will grow up smooth.
