Last picket of Anpilov

I have met Anpilov at doors of the Central Election Commission, CEC
on the street on Friday January 12.

Three days ago.

He stood one with the poster in support to Grudinini.

The beautiful girl in a green coat from the Present interviewed him the last.

He waited for Grudinini's exit and

I wanted to support!

Anpilov – for the Soviet Union and

for cancellation of gangster lawlessness in the country,

against change of the constitution of the country,

which gives grants the right rules the country more than 15 years.

I remember bright performances of Anpilov of the 90th.

Inflexible revolutionary

Anpilov fought to the last

with the gangster oil imperial mode.

Anpilov's appeal – was uniform —

Down with autocracy!

The Russian revolution – Grudinini Prezident's elections.

Introduction

WHY PRO?

What actually the pre-election company and why I have supported Grudinin influences

I understand that an alignment of forces such is that control levers in hands of the compradors masking under religious patriots.

I don't believe in sincerity praying in the churches under Television cameras but robbing the people. That granite tile laid in Moscow in the summer with such improbable fuse and scope well shows extortionate essence of the mode.

Now we see that the power increases the ineffective promotion based on chemical mix of orthodox mysticism, an ultra right chernosotenstvo and preaches thoughtless worship of domination of Money.

In 20 years of the industrialized country of the USSR have made the facade externally similar to the village of the empire of Alexander the 1st on the eve of the December revolt.

Are already constructed in the heads given the village of Arakcheeva with soldiers who plow which have to marries by order of which have in a log hut lists of all necessary which are dressed in standard gray uniforms which beat a spitz-dog-ruttenami, but which love the power also diligently pray on her autocrat.

Personally I for strong army and the fleet, for Vera, but without absolutism of the monarchy and mysticism of soul.

I – for the clever replaced power, for the strong clever industry and science, and orthodox sincere belief.
