**You will have to start speaking in 1.5 minutes and will speak for not more than 2 minutes (12—15 sentences). In your talk remember to speak about:**

- when you took the photo
- what/who is in the photo
- what is happening
- why you took the photo
- why you decided to show the picture to your friend

I've chosen photo number one. You know I like to take photos. This one I took some days ago when my friends came to my place to watch an interesting film. Here in the picture my friends are sitting in the comfortable sofa and watching a film. Just look in their faces. They are excited and interested. All of them are dressed casually. They feel here like home and I like it. Two girls are between the men. One of the girls is holding a bowl with popcorn. It is a usual attribute of film-watchers. The other girl is holding a remote control. She wants to change the channel, but the others are against it. I took this photo just to memorize the moment when we are together. And I decided to show you this photo to refresh memories. It's very important for me, because we don't often spend much time together. We are usually busy and it is necessary to find time for communication.

I've chosen the second photo. I took this picture last month. My sister Mary is on the photo. She is cooking dinner for our family. Look at the picture: there are a lot of vegetables on the left of my her. It seems as if she grabbed all the vegs from the market. They all look fresh and tasty. Mary is always on a diet and does all her best to keep fit. She insists on avoiding fatty and unhealthy food. My sister is standing in front of the cooker. She is holding spatula in her hand and is going to turn the vegetables over in the pan. Look at her face. She seems to be happy. To tell you the truth it was her first time cooking. Our mum usually cooks and we don't have to do it. But lately we have decided to share our chores. And that day it was her turn. She did her best and the dinner was wonderful. It was delicious and healthy, it is so important nowadays to eat healthy food and have right way of eating. I took this picture to memorize the moment and I showed it to you to boast a bit of my sister's success.

I've chosen picture number two. I took this photo last winter when we went to the forest with my friends. Winter is a nice season when people can enjoy going skating, skiing, tobogganing, throwing snowballs and making snowmen. Isn't it wonderful to tramp down the country lanes on a frosty winter day. Everything is white and it crunches under your feet. It's a merry time for my friends and me to go to the country. You can see my best friends in the picture. Look! The weather is wonderful. The sky is white and there is a lot of snow everywhere. On the background of the picture you can see trees. The girls are playing snowballs on the clearing of the forest. They are happy. Both of them are wearing warm clothes, because the temperature is fifteen degrees below zero. They put the hats and mittens on. I took this photo just to memorize the moment and showed it to you to refresh memories.

I've chosen photo number one. I took this photo last summer. There is a girl in the picture. The weather is wonderful. The sun is shining. It is warm. On the background of the photo you can see green trees and fresh grass. The colours are so bright that it seems that happiness floats in the air. The girl is dressed in sportswear, it is her pink T-shirt and black shorts. Her hair is in the bun. She is young. She is smiling and happy. She is running in the park. I think she tries to keep fit. We all need to exercise. Sport not only helps to become strong and to develop physically but also makes them more organized and better disciplined in their daily activities. Sports help people to keep in good health. Nowadays healthy lifestyle is very popular with people, but not all of them can afford going to expensive sport centers or gyms. That is why they choose jogging in parks. I took this photo because I liked the summer mood of the girl and showed this picture to you to encourage you to follow the girl's example and start healthy way of life.
