A year ago, he was to receive a substantial sum for the delivery of precious goods to one of the countries. But several ships that carried sable fur coats, rare antiques, dishes, precious stones, were lost in a storm somewhere in the Pacific Ocean and together with a team of sailors went under water.

Once, father decided to dig up the garden. Taking a shovel from the canopy, he began to dig, up the ground. Vasilisa at this time under the window planted flower seeds in the flower bed. Then the shovel came across something hard. Knocking the shovel several times, the father had to set it aside. When he cleared the ground with his hands. The top of the chest appeared to his eyes. Taking the shovel again, Ivan began to dig up the chest. The find was of considerable dimensions. There was a lock on the lid. Putting the shovel aside, Ivan ran his hand several times over the lid. After some rest, he tried to lift the chest. Fail. Chest was heavy. Ivan got out of the pit and entered the house. A few minutes later he came out with a crowbar in his hand. Jumping into the pit, he tried to break the lock. Turn out. Throwing the crowbar aside, Ivan sat in front of the chest for some time not daring to open it.

Vasilisa (continuing to flower seeds): Dad, you found something?

Father: M-m, come here, look!

Vasilisa interrupting his work, went to the father.

Vasilisa: What's that?

Father: As you can see, chest.

Vasilisa: Let me open!

Father gave her his hand to go down into the pit. Approaching the chest, she opened it. Their eyes appeared a lot of old coins.

Vasilisa: Dad, what do you want with this wealth to do?

Father: And what is done in such cases, daughter?

Vasilisa: Yes, you're right.

Senior Captain: Right on course island?

Ivan: (being next to the captain): What is the island?

Captain: The island of “Black river”! Or otherwise as they say rock “Black river”, as the island is like a rock. But don't even come close to it. This island has a bad reputation. My advice to you is to go around it and move on.

Ivan Vladimirovich (I thought for a few minutes): I heard something about him... A boat on the starboard side to the water! I want to visit this island!

Captain: How do you know!

When the boat was launched the sailors sitting, on the oars lowered them into the water. They were going very quiet. Had when they soon landed on the shore, the sailors again warned Ivan Vladimirovich about his ill fame. On the shore crawled a few turtles.

Ivan (leaving the boat on the sandy shore): Stay!

Not far behind the trees could be heard the noise of the waterfall. Then he looked up at the sky and saw a giant bird... It floated smoothly over the trees. The sailor's path which could be seen nearby. When he reached it he turned right and entered the forest. But not having to do several steps, he stopped. About three hundred metres away stood unseen to him a monster with an open mouth. With sharp teeth dripping saliva. Not daring to move, Ivan looked eyes in side. Seeing the tree nearby, he took the first step in his direction. Here monster loomed so same in his side, and turned to him. Suddenly something flashed before his eyes. The monster was gone.
