profits in dollars – through a bitcoin wallet?**

I answer:

**Not in all countries of the world – input and output of funds is available.

countries of Europe and countries of the Asian region – the only
deposit and withdrawal option – all available
Fully decentralized system: BLOCKCHAIN.**

in dollars using BLOCKCHAIN and Bitcoin wallet
solely as a vehicle for exchange
dollars from cards of any banks of the world – through exchangers.**

**In other words, BLOCKCHAIN is a versatile tool for

CIS countries including Russia, Ukraine, Kazakhstan
and partly European countries.**

**Contributions in USD through Bitcoin – ideal for residents
other countries, including: USA, Canada, Australia and ALL
the rest of Europe, Asia, India and Latin America.**

Moreover, note that for those countries who are not yet available

Also, in the near future, we will connect the system: ADVCASH and PAYEER – for citizens of Europe and deposits in Euro.

In other words, if you are a citizen Russia, Ukraine, Kazakhstan and other CIS countries, now deposit in dollars through the system Perfect Money (see BOOK-1, from the course menu).

If you are used to using Blockchain (by the way, the future is behind Blockchain) and you are citizens of Russia, Ukraine, Kazakhstan and other CIS countries, you can start
