PREFACE

What does Leonardo da Vinci write about?

His paintings are written in the hope of knowledge, imagination and logical thinking of the viewer.

Everyone is looking for Leonardo da Vinci's secret code and some of them think they've found it.

We also found clear evidence that, in his paintings there is a secret meaning transmitted to the viewer.

To reveal the secret, you need to know what Leonardo thinks, to find out it is necessary to learn to guess the true meaning of the picture. How this is achieved, we will show you the example of miniature drawings of his contemporary from the East Kamaliddin Behzod.

I show you thirty drawings and three of them I will try to explain, if you learn to understand the drawing correctly and reveal the secret meaning of all the other drawings of the great miniaturist and carefully study the picture of Leonardo, you will understand what the secret of the Da Vinci code is.

DRAWINGS-REBUSES

MADONNA AND CHILD WITH ST. ANNE AND LITTLE JOHN THE BAPTIST

The gesture men in this picture much something claims, probably the father of two children says that without a father a child can not appear.

This figure explains the world believing society as would two girlfriends and two children one of them in house, but in reality one of them not girlfriend and each under the guise of girlfriends. Because the hand shows the gesture of the female and male and it is not a coincidence. He makes a cuckold of the people who believe this girl.

When studying genetics, some people have doubts about the integrity of the virgin Mary.

Especially people dissatisfied with the world and religious orders.

Leonardo da Vinci was also an illegitimate child of a notary from Vinci, and treated low-grade class in origin and probably many times in my life had to stoop. In addition, he lived on a non-traditional sexual orientation.

He could deep of his heart have reason to hate the creators of those times world orders. This state could be reflected in the paintings, too, that is, although he created many paintings on a religious theme, but in deep heart could be an opponent and

in his works introduce non-art opinions.

THE LAST SUPPER

Everyone knows that the «Last supper» is the night before the crucifixion of Christ. During the day, Jesus was in the city with his companions, made a visit to the temple of Jerusalem, declared himself the new king, and in the market turned over several trading tables of street vendors, declaring them to be swindlers.

In the evening they sat down with the twelve apostles for the Passover meal.
