Part 2

Chapter 1. 8 Rune.

John and Sarah went to get the 8 runes, since they already have three, but the 4 runes are in the hands of the sister. 8 the rune can only be found with the help of people who can see the other world. Because this Rune is the eye. This rune can always

be used to act on the human psyche, in other words to make him crazy. It will never become normal. A very important element for the human world. Sarah's sisters were able to find it, and gave it to vodka-John, it is on the dead Land of the old Kings in England. This includes the old legend of King Arthur and the knights of the round table. This is what they discussed, John and Sarah. The legend says.

Arthur was the illustrious king of the Kingdom of Logres. He was the son of the British king Uther and Igraine, who was illegitimate, at his birth the great magician Merlin secretly carried a child, and gave it to the great knight Author, who lost his younger son, he grew up not knowing about his origin. The great magician Merlin after the death of Arthur's parents inserted the king's sword into the stone, that who will be worthy of such a sword will be the king! When Arthur grew up, Merlin led him to this place where the sword was in the stone.

And with the help of sorcery, Arthur was able to pull out his father's sword! Thus he became king of the new Launcelot! But, John, did not use people who can see the world, because they can use their magic for their own purposes!

The fact is that where this stone is located, there is a hidden 8 rune! The question is this? How do we open this gate?! Sarah Asked!

John

– There is only one way to find Arthur's sword, and cut the stone, and the sword itself can be found in the Museum of art,

in the old castle!

Sarah

«Do you think the Museum can hold the real sword of king Arthur?»

John

– Yes they can! And they can store it in another place, in any case, it is there!

Sarah

«Good! Still, there is no other choice!

John and Sarah were in the old castle, where there is a permanent exhibition! They found a sword, but that sword was split in half!

Sarah

«What are we going to do?» The sword is split and Carefully guarded!

John

«It doesn't matter. At night we will come, with you know how to disable them with the help of magic!??

Sarah

– Yes, I can, unless of course they are obsessed with my sister, because if they are, I can't do anything!

John

«It doesn't matter. If they are possessed, I will fight them!

Sarah

«So if we defeat them, what about the sword?» With the help of magic, it can not be glued together!!!

John

– I know who you can contact about this! It remains only to defeat the demons!

The night came when everyone left and John cast spells to cast out demons, the demons heard it, but were conscious, then the spell intensified, but one of them was very strong that did not pay attention to this sound! By the sound he began to search for John, John and Sarah noticed it, those demons who could not withstand the spell, they were banished to Hell, there was Only one left. The spell still did not work on him, and thus he was able to detect them more accurately!

This was the demon Gasion, a Grand Duke who could solve any question at once, just like this one. John was able to recognize him, and was surprised at this.

He has a subordinate army of his own, which he manages about 40 legions of spirits. John was the first to speak to him.

John

– Hello Gasion!

Gasion

– Zdarova John, I see-you recognized me!

– Not one, not like the orders, if we have the same plans!

GUSION

Sarah

«You know each other!»??

John

«He's fallen, like me!»

Gasion

John

«So you have similar plans with Lilith?»

Gasion

«Exactly when the first demon comes to Earth, and hell comes!»

John

«Are you too young to know where you've actually been?»

Gasion

«I assure you, where I've actually been is even worse than here, and our brothers will be much better off here!» Since Lilith will open the door for us here!

John

– Can all TKE, give us the sword??!

Gasion

– You try to take it!

At this moment, John became even more angry, Gasion did not know that John had become an Angel of light, again, a bright white light appeared in his eyes, and a white radiance came out of his hands that could destroy the demon. Then the Demon Gasion answered him!

Gasion

«Stop! So you've become an Angel again? And how did you earn wings?

John

«I was a good soldier!»

Gasion

– Come on! Or you promised to help people!?

John

– Yes! But at the same time, after this confrontation is over, I will become mortal again!

At this point, John still used his power and destroyed the demon Gasion! Sarah was able to collect all the pieces of the sword!

John began to call on the Greek God named Hephaestus, only he had the power to bind this sword.

Hephaestus was the son of Zeus and Hera, the God of fire and blacksmithing. As it was known, he was born on the bright hill of Olympus, but there was one feature of the child that he was lame and weak. The story goes that when Hera saw her son so weak, she abruptly grabbed him and threw him on the Ground to the people!

But he fell into the sea, nevertheless, he was saved by two Goddesses of the sea, Eurynome and Thetis, daughters of Nereus. Thus they carried him deep into the sea, and brought him up themselves. The very close his deal this was blacksmithing, he could forge from any metal, gold silver, and to do the most not ordinary magic things.

Hephaestus has one peculiarity left, that he remained lame. Hephaestus appeared right in front of them!

Sarah

«What should I do?»

John

«Leave it here!»

Hephaestus

– Hello John! Here we are!

John

– Zdarova Hephaestus! I see you're still in great shape!

Hephaestus

«And you've become an Angel!» And found my sword!

– Yes, my sword! I forged it myself, it was split with the help of black magic, it's just not possible to split it!

John

«What?» Your sword?

Hephaestus

John

«If it's so magical, how did Arthur get it out?»

Hephaestus

«If my memory serves me right, he was raised by a wizard and passed on some of his powers!» These forces helped him pull the sword out of the stone!
